

# The Unforgettable Chronicle: Comprehensive Timeline

## Appendix

This timeline integrates all key historical events, cosmic shifts, scientific discoveries, philosophical shifts, specific Nibiru passages and associated cataclysms, and major migrations of people as described throughout "The Unforgettable Chronicle." Dates are contextualized relative to 2025 CE.

### Before All Time (Unmanifest Era)

- **The Primordial State (Triple Darkness/Ain Soph Aur):** The ultimate, unmanifest potential from which all creation emerges, a synthesis of darkness and light. This state is a plenum, a primordial womb of infinite possibility, containing all possibilities in perfect, undifferentiated unity. <sup>1</sup>
- **Eternity measured not in years but in a state of being:** The "Atom of Life" (Original Black Man), identified as God, exists in pure potential, un-self-aware. <sup>1</sup>
- **First Manifestation:** The pivotal moment when the "Atom of Life" becomes self-aware, initiating the thought of creation and bringing forth the very first atom of the physical universe by sheer will. <sup>1</sup>
- **Cosmic Egg or World Egg Archetype:** A universal symbol representing the first act of creation, the initial spark of order within the formless void, containing the complete blueprint for all that is to come. <sup>1</sup>
- **Trillions of years ago from 2025:** The entire cosmos begins to grow and unfold from the first atom of the physical universe according to a precise and pre-ordained plan. <sup>1</sup>

### Cosmic Governance and Cycles (Ongoing)

- **Approximately 25,000-year cycle (Master Clock):** This is the duration of a vast cycle of time that governs the rhythm of planetary history. At the beginning of each cycle, 23 Scientists from the Council of 24 convene to write the complete

future history of the world, based on Earth's collective consciousness. This period correlates with the Precession of the Equinoxes.<sup>1</sup>

## Epoch of the Root Races (General Framework)

- **Approx. 78 Trillion Years Ago from 2025: Sirian Seeding Event:** A contingent of 144,000 original divine ancestors arrives on the nascent Earth from the star system Sirius, initiating humanity's divine blueprint and cosmic lineage. This event is foundational to "Black Root Science."<sup>1</sup>
- **The Polarian (First) Root Race Era:** (Earth still cooling) - Characterized by ethereal, semi-physical beings inhabiting the Mount Meru region (North Pole). Their reproduction occurred through amoeba-like division. This era concludes with the Earth's cooling and solidification.<sup>1</sup>
- **The Hyperborean (Second) Root Race Era:** (Millions of years ago from 2025) - This race consisted of more defined, golden-yellow, still etheric beings primarily located in Northern Asia and Greenland. They reproduced by budding. This era ends with significant geological shifts and further cooling of the planet.<sup>1</sup>
- **The Lemurian (Third) Root Race Era:** (Approx. 18 million years ago from 2025) - This period saw the emergence of gigantic, semi-astral beings with soft, pliable bones, inhabiting the vast equatorial Pacific continent of Lemuria (Mu). A key characteristic was their functional Third Eye, an organ of both physical and psychic vision. Their reproduction evolved from "sweat-born" to androgynous/egg-born, and finally to distinct male and female sexes.<sup>1</sup>
- **Approx. 16.5 Million Years Ago from 2025: "Sin of the Mindless":** Some early Lemurians interbreed with huge she-animals, creating degraded lineages (identified as the ancestors of apes) and contributing to the race's eventual downfall.<sup>1</sup>
- **Lemurian Destruction (Prolonged Volcanic Activity):** The gradual sinking of the continent of Lemuria due to immense volcanic eruptions, earthquakes, and subsequent submergence, leading to extensive migrations of survivors to other continents, including Atlantis, Asia, and Africa.<sup>1</sup>

## The Atlantean (Fourth) Root Race Era: A Golden Age and its Decline

- **Approx. 4-5 Million Years Ago from 2025: Emergence of the Atlanteans:** The Fourth Root Race arises from the most advanced stock of the Lemurian race, establishing a vast continent that occupied the bulk of the Atlantic Ocean basin.<sup>1</sup>
- **Approx. 1,000,000 Years Ago from 2025: Climax of Atlantean Civilization under the Toltecs:** The third sub-race of Atlanteans, the Toltecs (a copper-colored people), establishes a magnificent, continent-wide federation. Their capital, the City of the Golden Gates, was renowned for its elaborate canals and fountains. This period is considered a "Golden Age" marked by mastery of Vril energy (a universal life force) for powering air-ships, levitation, and influencing minds.<sup>1</sup>
- **Approx. 800,000 Years Ago from 2025: First Atlantean Cataclysm:** This event involves the sinking of the City of the Golden Gates and the breakup of the Atlantean continent into smaller landmasses (Ruta and Daitya). It was initiated by the misuse of Vril energy and a decline into sorcery and materialism.<sup>1</sup>
- **Approx. 450,000 Years Ago from 2025 (First Documented Nibiru Passage): Anunnaki Arrival & Nibiru's Return:** The Anunnaki, corporeal beings from the planet Nibiru, arrive on Earth. Their mission is driven by the failing atmosphere of Nibiru, requiring gold to create an artificial atmospheric shield. This Nibiru passage is a major cosmic event, periodically causing pole shifts, great floods, and tectonic upheaval.<sup>1</sup>
- **Tens of thousands of years (duration): Anunnaki Gold-Mining Operation:** The arduous gold-mining operations on Earth are conducted by the Igigi, a lower-ranking class of Anunnaki. This prolonged toil eventually leads to the Igigi Revolt.<sup>1</sup>
- **Approx. 200,000 Years Ago from 2025: Second Atlantean Cataclysm:** Another significant geological upheaval further reshapes the Atlantean landmass.<sup>1</sup>
- **Lucifer Rebellion & Earth's Spiritual Quarantine:** Lucifer, as System Sovereign of Satania, promulgates a "Declaration of Liberty," challenging divine authority. Earth's appointed Planetary Prince, Caligastia, joins the rebellion, severing Earth from cosmic circuits and inducing a profound collective amnesia of its divine origin and cosmic heritage.<sup>1</sup>
- **Approx. 80,000 Years Ago from 2025: Third Atlantean Cataclysm:** This cataclysm leaves only the island of Poseidonis as the last remnant of the Atlantean continent.<sup>1</sup>
- **Approx. 6,600 Years Ago from 2025 (c. 4600 BCE): Yakub's Grafting Experiment on the Isle of Patmos:** Yakub, a Black scientist, conducts a 600-year eugenics experiment to "graft" a new race from the Original Black

Nation, culminating in the creation of the white race.<sup>1</sup>

## **The Post-Diluvian World & Iron Age / Kali Yuga (Bronze Age / Iron Age Begins)**

- **Approx. 12,825 years ago from 2025: Younger Dryas Impact Hypothesis:** Scientific theory suggests a cometary impact around this time triggered rapid melting of the North American ice sheets, causing dramatic sea-level rise and global flooding.<sup>1</sup>
- **Approx. 12,025 years ago from 2025: End of the Last Ice Age:** Corresponds to extensive geological evidence of mega-floods and catastrophic landscape changes worldwide.<sup>1</sup>
- **9,564 BCE (Approx. 11,589 years ago from 2025): The Great Flood & Final Submergence of Poseidonis:** This was a deliberately engineered cataclysm by Enlil, triggered by a Nibiru passage. It destroys the Nephilim and corrupted human lineages, and marks the final destruction of Atlantis. Massive migrations of surviving human lineages (including Atlantean/Lemurian descendants) ensue after the flood, spreading across the newly shaped Earth.<sup>1</sup>
- **Post-Flood Era:**
  - **Nimrod's Rise & Consolidation of Power:** Nimrod, grandson of Ham, acquires the Garment of Adam and establishes the first post-diluvian empire in Mesopotamia, uniting scattered tribes. This represents a new era of centralized earthly power.<sup>1</sup>
  - **Tower of Babel & Confounding of Language:** Nimrod attempts to build a "spaceport" to challenge Anunnaki dominance. The Anunnaki respond with a technological (sonic/frequency-based) attack, fracturing universal language and scattering humanity, preventing collective unity. This dispersal represents a major migration wave and the linguistic fragmentation of humanity.<sup>1</sup>
  - **Esau and Jacob Covenant:** The line of power shifts from overt, artifact-based control (Nimrod/Esau) to a more subtle, ideological/faith-based system consolidated in Jacob's lineage.<sup>1</sup>

## **Classical Antiquity / Recorded History**

- **c. 1600 BCE (Approx. 3,625 years ago from 2025): Thera (Santorini) Volcanic**

**Eruption:** A natural disaster with widespread regional societal impact. <sup>1</sup>

- **c. 1200 BCE (Approx. 3,225 years ago from 2025): Late Bronze Age Collapse:** Caused by the arrival of the "Sea Peoples" (Atlantean/Lemurian survivors), leading to collapse of major empires and widespread societal disruption. This is a significant migration event resulting in empire collapse. <sup>1</sup>
- **5th Century BCE (Approx. 2,425-2,525 years ago from 2025): Greek philosophical shift (Xenophanes, Plato) begins abstraction of God:** Marks a turning point in theological understanding, moving away from corporeal deities to immaterial concepts. <sup>1</sup>
- **Destruction/Sequestration of Library of Alexandria:** A key event in the "Great Theft of Knowledge," with important texts allegedly transferred to the Vatican Secret Archives. <sup>1</sup>

## Medieval / Early Modern Period

- **c. 536 CE (Approx. 1,489 years ago from 2025): Volcanic Winter / Extreme Solar Event:** Global dust veil and significant climate disruption, triggering famine and disease. <sup>1</sup>
- **15th Century CE (Approx. 500-600 years ago from 2025): Pre-Columbian Cataclysm (c. 1470s-1480s CE):** Combination of volcanic activity, tsunami/pole shift, and extreme solar event, weakening existing American empires and leading to widespread liquefaction (American Mud Flood). <sup>1</sup>

## The Modern Era & The Great Unveiling (Current Kali Yuga / Dark Age Culmination)

- **19th Century CE (Approx. 125-225 years ago from 2025): 19th-Century Mud Flood:** Massive liquefaction event (possibly triggered by Nibiru's passage), leading to the destruction of the global Tartarian Empire, massive depopulation, and a historical reset orchestrated by the "Inheritors." This implies significant population displacement and re-arrangement. <sup>1</sup>
- **1862 CE (163 years ago from 2025): Sirius B Confirmed:** Modern astronomy confirms Sirius is a binary system with the observation of its companion star, Sirius B, a fact known to the Dogon for centuries. <sup>1</sup>
- **1908 CE (117 years ago from 2025): Tunguska Event:** Identified as a test of the

first human-built Mothership (according to Nation of Islam teachings).<sup>1</sup>

- **1930 CE (95 years ago from 2025): Arrival of Master Wallace Fard Muhammad in Detroit:** Presented as the literal "coming of God in person" and the Mahdi.<sup>1</sup>
- **Early 1930s CE (Approx. 90-95 years ago from 2025): St. Germain's contact with Guy Ballard (Mt. Shasta), birth of the 'I AM' Movement, releasing Agarthan/Lemurian wisdom.** This period also sees the Nation of Islam's Mother Plane created in "Nippon" (Japan).<sup>1</sup>
- **1934 CE (91 years ago from 2025): Master Fard Muhammad's mysterious disappearance.**<sup>1</sup>
- **1935 CE (90 years ago from 2025): Completion of The Urantia Book papers.**
- **1942 CE (83 years ago from 2025): "Battle of Los Angeles":** One of the first major acts of the modern UFO secrecy era, showcasing "soft disclosure."<sup>1</sup>
- **Mid-20th Century Onwards: Ubiquitous phenomenon of Unidentified Flying Objects (UFOs) and Unidentified Submerged Objects (USOs).** Reinterpreted as re-emergent Anunnaki activity or inner-Earth craft.<sup>1</sup>
- **1970 CE (55 years ago from 2025): First Photograph of Sirius B:** The first direct photograph of Sirius B is taken, further confirming the Dogon's ancient knowledge.<sup>1</sup>
- **2025 CE (Present Day): Current year, culmination of multiple cosmic cycles (6,000-year reign of Yakub's civilization, Nibiru's 3,600-year orbital clock, 25,000-year master cycle of the Great Year).** Precipice of the Great Unveiling and potential emergence of the Sixth Root Race, signifying a profound global transition.<sup>1</sup>

## Future Eras

- **Future (emerging): The Sixth Root Race Era:** This future race is characterized by development beyond intellect, with higher psychic faculties (intuition, clairvoyance) becoming normal aspects of human consciousness.<sup>1</sup>
- **Distant Future: The Seventh Root Race Era:** This represents a period of further spiritual evolution, leading to a perfected humanity and a final planetary reset.<sup>1</sup>
